VALUE ADDED COURSE 2019-2020

TAILORING

During the academic year 2019-2020, Value Added Course- Tailoring was conducted. The course was started in the month of December and completed on March. 10 students did the course. The classes were handled by Mrs. Regina Mary, trainer . The fee collected from the students is Rs.3500/- students were offered to the fee in two installments (1000 + 2500). The concepts students learnt in this course are:

- Cutting and stitching for blouse
- Cutting and stitching for chudi
- Different pattern of stitching

The classes were conducted in Class Room for the duration of 40 hours.

**AUTO CAD- BIM USING REVIT**

During the academic year 2019-2020, Value Added Course- BIM using Rivet Software was conducted. The course was started in the month of September and completed in month of January. 15 students pursued the course. The classes were handled by Mr. P Pavithran, Business Head, Petri core Technology and Engineering Services Pvt Ltd. The fee collected from the students is Rs.2500. students were offered to the fee in two installments (1000 + 1500). The concepts students learnt in this course were 2D and 3D designing, engineering plans, estimation, tools and properties, structural analysis tools, workflow in rooms, designing a house etc. The classes were conducted in computer lab for the duration of (50) hours. Students made full usage of the course.

The students who have pursued this course will be offered job by campus interview for the salary package up to 10,000.

## VALUE ADDED COURSE 2019-2020

### TALLY

During the academic year 2019-2020, Value Added Course-Tally was conducted. The course on started in the month September and completed in the month of February. 45 students did the course. The classes were handled by Mr. Sadagopan, trainer at Anudip Foundation Pvt Ltd . The fee collected from the students is Rs.2500. students were offered to the fee in two installments (1000 + 1500). The concepts students learnt in this course are:

- Accounting
- Budget System
- Management Control System
- Income Tax
- GST With Tally Erp

The classes were conducted in Class Room for the duration of 40 hours.

## SECTION A

### About Anudip:

Anudip Foundation, a not-for-profit social enterprise, provides livelihood opportunities at scale for marginalized populations in the digital economy as a new economy skilling partner for students, employers and donors. Registered under section 8 of Companies Act, Anudip currently has its program operations across 83 training centers located in Andhra Pradesh, Delhi/NCR, Jharkhand, Orissa, Maharashtra, Tamil Nadu, Telengana and West Bengal.

Anudip's focus is to generate sustainable livelihood opportunities for the underprivileged young men and women by providing skill development programs. Employability of rural and peri-urban youth is limited because of restricted exposure to the outer world as well as low self-confidence and parental guidance.

Talent rich youth aspirants in the age group of 18-35 years are trained in new economy livelihood programs that not only enhance their skills but also widen their career opportunities in internet-based jobs in e-commerce, social media, computerized accounting, digital marketing, graphic designing, web designing, hardware & networking, micro-finance and retail. Trained youth are working across range of job roles that include customer care executives, customer relationship managers, PR executive, telecallers, data entry operators, digital service executives, account executives, cashier, logistic executives, ecommerce executives, graphic designers, app developers, digital marketing executives, etc and securing gainful livelihood with a monthly salary in the range of 7-15,000. Such jobs enable the Anudipites to contribute in their family income and participate in decision making processes, thus empowering and transforming their lives.

### Vision:

Anudip believes that digital skills create enhanced livelihoods for marginalized communities.

### Mission:

Anudip's mission is to generate sustainable knowledge-economy livelihoods for 100,000 poor youth and women by 2020 through market aligned skills training.

### Collaboration with Government and Private Institutes - Nationally and Internationally

- Anudip is a training partner of National Skill Development Corporation (NSDC)
- Empanelled as a program implementation partner with Ministry of Rural Development (MRD)
- Partnership with NITI Aayog (National Institution for Transforming India), NGO Darpan portal
- Three year partnership with Charities Aid Foundation (CAF) India
- Partnership with NetHope Internationally (NetHope enables committed organisations to change the world through the power of technology through innovation and collaboration)
- Partnership with Global Giving (one of the largest global crowdfunding platform connecting nonprofits, donors and companies across many countries)

**Program Deliverable:**

To impart market aligned skill development and training program for Minimum of 40 and Maximum of 70 Students per batch.

**Class Schedule:**

Anudip would impart training to entire batch of students on a basis of 2 hours a day and weekly five (except Saturday and Sundays) Timing preferably 1pm to 3 pm based on the availability. Anyhow final decision regarding the timing will be decided by the Principal of Vidhya Sagar Women's College. Total training period for each batch of students would be for as per stipulated hours in our course schedule.

**Beneficiaries' Profile and Mandatory Documents Required:**

Minimum age for the target group is 18 years and maximum age is 32 years. Following documents has to be submitted prior to commencing the training.

- Copy of Adhar Card
- Copy of the Highest Qualification Mark Sheet
- Copy of Age Proof
- 2 Copies of Passport Size Photo

**Training Methodology:**

Anudip's digital livelihoods program follows a technology-driven, blended learning methodology that has evolved based on employer and student feedback, team evaluation, and impact studies conducted externally and internally. Anudip team continuously tries to align with changing job markets, digital trends, employer demand, and the state of the training technology worldwide. Anudip utilizes its multimedia and game based learning programs which allows them to retain the learnings more effectively. This industry-aligned digital skills training program will train these youth through customized and digitized multimedia content in video, audio, presentation, and game formats, which will enable students to be attracted to and enjoy their classroom experience.

**Payment:**

The amount paid by the students will be shared among Anudip Foundation and 'Vidhya Sagar Women's College' in 50:50 ratio i.e. Vidhya Sagar Women's College will retain 50% of the total fees paid by the students and Rs. 1400/- should be remitted to ANUDIP FOUNDATION's account. 'Vidhya Sagar Women's College' The course fee should be collected prior to start the batch.

**Training location & Attendance:**

Training can be conducted at the premises provided by 'Vidhya Sagar Women's College' along with the required infrastructure for conducting such courses. Atleast 75% attendance is mandatory. College management will be responsible for regular attendance of students.

2019-20

**SECTION B**

Courses Offered:

- Module Name: Diploma in Accounting with Tally ERP with GST
- Duration: 90 Hours / 65 Days
- Course Fees: INR 2,500/- + Registration Fee Rs.150/-
- Eligibility: B.Com

Benefits for the Students:

- Technical skill upgradation of students.
- Placement support in domain specific jobs.
- Industry exposure for students.
- Opportunity to receive proper accredited certificates.

Curriculum:

The sector-specific job-oriented skills require special curriculum built to enhance students' employability skills. Anup's curriculum team works at developing and adding new components to the customized curriculum based on the market demand and job requirement.

- Lesson 1: Accounting Introduction
- Lesson 2: Basics of Recording Transaction
- Lesson 3: Branches of Accounting and Account Groups
- Lesson 4: Accounting Principles

**GST WITH TALLY ERP 9**

Lesson 1: Introduction to Goods and Services Tax-GST (240 minutes)

Lesson 2: GST Salient Features and Registration (180 minutes)

Lesson 3: Debit/Credit Note and working with GST (120 minutes)

Lesson 4: Goods and Services Tax Return (GSTR) – (90 minutes)

Lesson 5: GSTR 1- Invoice Details and Other Details (270 minutes)

GSTR-1 – Invoice Details (120 minutes)

GSTR-1 – Other Details (120 minutes)

Final stages of GSTR 1 (30 minutes)

Lesson 6: GSTR 1A-Auto Drafted Supplies (120 minutes)

Lesson 7: GSTR 2 - Inward Supplies Return (300 minutes)

Inward Supplied Return- Invoice Details (120 minutes)

Inward Supplies Return-Other Details (120 minutes)

Submission of GSTR 2 –Step 5 (60 minutes)

**AUTODESK.**  
Authorized Training Center  
Certification Center

## ABOUT PETRICORE TECHNOLOGIES

Our diverse range of courses caters to all levels of workforce. we conduct a wide range of training in the field of BIM and Digital Prototyping courses. We are also an Autodesk Authorized Training centre conducting Autodesk Essentials. Others include language, contractual, trade practices and management. We also customise training courses to meet our client's needs. Medium of instruction is more than just English for some of the courses to cater to the non-English speaking trainees. Our main motto is to ensure that the candidate is confident to face the industrial expectations. Our trainers are updated constantly with the happenings in the field and we act in bridging the industrial parameters with creativity and skill set of the engineering graduates. The above mentioned features are made available to the students by providing them with practical exposure in real time industrial projects.

## CIVIL BIM TECHNOLOGY SOFTWARE

- AutoCAD (Drafting)
- Revit Architecture (Drafting, Modelling & Estimation)
- Revit Structure (Drafting, Modelling & Estimation)
- Revit MEP (Drafting, Modelling & Estimation)
- STAAD Pro V8i (Analysis, Design and Estimation)
- Primavera (Project planning and Estimation)

## DIGITAL PROTOTYPING SOFTWARE

- AutoCAD (Drafting)
- Autodesk Inventor Professional (Modelling)
- Simulation CFD (Finite Element Analysis )
- Simulation Mechanical (Thermal Analysis)
- Hyper Mesh (Meshing)

## TRAINING

- A Deep Knowledge of the Autodesk Software
- The Ability to Measure and Assess Staff Training
- Strong Communication and Interpersonal skills
- A Passion for Continuous Learning
- Innovative Thinking
- Embrace Efficiency
- Best Conclusion

Petricore is an Autodesk Authorized Training, Certification Center and Autodesk Training Partner located in Chrompet, Chennai-44 ( Near GST Road) As part of Digital Prototype Company and BIM companies, we have successfully trained over 5300 CAD drafting and BIM modelling Engineers for the Architecture, Engineering, and Construction (AEC) Industry.

Our training courses are conducted by skilled trainers who have years of experience in the field, and are focused on projects-based and hands-on training approach. By the end of the training course, you will be equipped to transfer the necessary skills you have learnt to your workplace environment.

## AUTODESK PROFESSIONAL CERTIFICATION

*Autodesk certifications are industry-recognized credentials that can help designers succeed at any stage of their design career. Each Autodesk certification provides reliable validation of skills and knowledge and can lead to enhanced academic success, accelerated professional development, improved productivity, and increased credibility.*

- AutoCAD
- AutoCAD Architecture
- AutoCAD Civil 3D
- Autodesk Inventor Professional
- Autodesk 3ds Max Design
- Revit (Architecture, Structure, MEP)

## BIM (Building Information Modelling)

*Building Information Modelling (BIM) is an intelligent 7D model-based process that equips architecture, engineering, and construction professionals with the insight and tools to more efficiently plan, design, construct, manage the buildings and infrastructure.*

## DIGITAL PROTOTYPE

*Digital prototype is created with Autodesk Inventor software and is a digital simulation of a product that can be used to test form, fit, and function. The digital prototype becomes more and more complete as all associated industrial, mechanical, and electrical design data are integrated.*

*Digital Prototyping gives conceptual design, engineering, manufacturing, and sales and marketing departments. The ability to virtually explore a complete product before it's built.*

## FUSION 360 (INTERNATIONAL FREE WORKSHOP)

*Fusion 360 is proposed as a 3D featured CAD/CAM tool for Mac, PC and other OS users. Using fusion 360, the industrial designers and product designers can draft, share, review as well manage them online Autodesk's Fusion 360 Training has invaded the next generation's life style.*

- *Understand the foundational concept of Autodesk Fusion 360 before proceeding with your designing.*
- *You will how to sketch, import files, model, assemble the parts, manage, drawings, collaborate, simulate, apply CAM, sculpt and do patch works*
- *Collaborate with other users, share the views and manage the data on Fusion 360.*
- *Develop drawing and renderings. Also use CAM module to setup 2.5-axis milling of the part.*

# AutoCAD 2017

2017-18

## Objective

This Course introduces people proficient with AutoCAD's 2D commands to the concepts and methods of 3D modeling. You'll receive a through grounding in the fundamentals and explore the updated features of AutoCAD's advanced workspace.

**Total Duration - 45Hrs**

After completing this course, students will be able to:

- Navigate the user interface
- Use the fundamental features
- Use the precision drafting tools to develop accurate technical drawings
- Present drawings in a detailed format.
- Creating 3D models.

## Prerequisites

- No previous CAD experience is necessary.
- Working knowledge on design, drafting experience is highly recommended

## Training Outlines

### *Taking the AutoCAD Tour*

- Navigating the Working Environment
- Working with Files
- Displaying Objects

### *Creating Basic Drawings*

- Inputting Data
- Creating Basic Objects
- Using Object Snaps & Object Snap Tracking
- Using Polar Tracking & Polar Snap
- Working with Units
- Using Function Keys

### *Manipulating Objects*

- Selecting Objects in the Drawing
- Changing an Object's Position
- Creating New Objects from Existing Objects
- Changing the Angle of an Object's Position
- Creating a Mirror Image of Existing Objects
- Creating Associative Object Patterns

# AutoCAD 2017

---

- Changing an Object's Size

## *Annotating Drawings*

- Creating Multiline Text
- Creating Single Line Text
- Using Text Styles
- Editing Text
- Hatching Objects
- Editing Hatch Objects

## *Dimensioning*

- Creating Dimensions
- Using Dimension Styles
- Editing Dimensions

## *Creating Additional Drawing Objects*

- Working with Polylines
- Creating Splines
- Creating Ellipse

## *Drawing Organization and Inquiry Commands*

- Using Layers
- Changing Object Properties
- Matching Object Properties
- Using the Properties Palette
- Using Line types
- Using Inquiry Commands

## *Altering Objects*

- Define Boundaries through Trimming and Extending Objects
- Creating Parallel and Offset Geometry
- Joining Objects
- Breaking an Object into Two Objects
- Applying a Radius and Angled Corner to Two Objects
- Changing Part of an Object's Shape
- Multifunctional Grips

## *Autodesk 360*

- Manage Documents
- Launch website
- Online options
- Customization Sync
- Share & Collaborate

# AutoCAD 2017

## Visualization

- Creating Visual Styles
- Working with Materials
- Specifying Light sources
- Rendering Concepts

## Working Drawings from 3D Models

- Creating Multiline Viewports
- 2D Views from 3D Models
- Creating Technical Drawings with flat shot

# AutoCAD 2017

---

## *3D Foundations*

- Introduction to the 3D modeling Workspace
- Basic 3D viewing
- 3D navigation tools
- Introduction to the user coordinate system

## *Working with the User Coordinate System*

- UCS Basics
- The UCS X, Y and Z Commands
- Saving A UCS by name

## *Simple Solids*

- Working with solid primitives
- Solid primitives types
- Working with Composite Solids

## *Creating Solids & Surfaces from 2D Objects*

- Complex 3D Geometry
- Extruded Solids and Surfaces
- Swept Solids and Surfaces
- Revolved Solids and Surfaces
- Lofted Solids and Surfaces

## *Modifying in 3D Space*

- 3D Grip Tools
- Aligning Objects in 3D Space
- 3D Modify Commands

## *Advanced Solid Editing*

- Editing Components of Solids
- Editing Faces of Solids
- Fillets and Chamfer on Solids

## *Additional 3D Editing Tools*

- Creating a Shell
- Imprinting Edges of Solids
- Slicing a Solid along a plane
- Interference Checking
- Converting Object to surface

2017 - 2018

## MEMORANDUM OF UNDERSTANDING (MOU)

THIS MEMORANDUM OF UNDERSTANDING (herein after referred to as "MOU") is made and entered at Chengalpattu on 28-07-2017

### BETWEEN

**Vidhya Sagar Women's College**, represented by The **Principal Dr. Shalini kumar** Situated at GST Road, Vedanarayanapuram, Chengalpattu, Tamil Nadu 603111 (herein after referred as "**VSWC**" of the ONE PART (which term shall repugnant to the context mean and include its successors-in-interest and permitted assignees)

### AND

**M/s. Petricore Technologies and Engineering Services Pvt Ltd**, a company incorporated under the provisions of Companies Act 1956, represented by The **Business Head Pavithran P** And having office at No. #34, First Main Road, Nagappa Nagar, Chrompet, Chennai-44 (hereinafter referred as "**Petricore Technologies**") (which term shall repugnant to the context mean and include its successors-in-interest and permitted assignees) on the OTHER PART.

### **Kind Attention: Sir**

Petricore Technologies and Engineering Services Pvt Ltd is a 8 Year Old Digital Prototyping & BIM Consulting Company with more than 3000 Customers in the Field of Manufacturing & Construction.

Petricore Technologies is the only Authorized Training Center (ATC) Status to Adopt Digital Technologies in Engineering Colleges by signing into Memorandum of Understanding (MoU)

Respected Madam,

### Commitments from Vidhya Sagar Women's College (Arts & Science) a Part of MoU

1. Provide Adequate Infrastructure (Lab, Computer with Min System Requirements etc.,) to Conduct Training inside the campus.
2. Approve Time Slot for Conducting Training inside the campus.
3. Allot Training Coordinator to Facilitate the Program.
4. Collect the Prescribe Fee from Students & Pay to Petricore Technologies and Engineering services Pvt Ltd as Per Payment Terms.

### Commitments from Petricore Technologies as a Part of MoU

1. Autodesk Provides Free License to Education Community.
2. Petricore Technologies - Academic Partner of Autodesk Responsible for Installation & Licensing of 125 Seats (NLM) - **AutoCAD 2017, Revit 2017** (worth 35 Lakhs) at Free of Cost.
3. Petricore Technologies will Issue License Certificate in the Name of Department Authorizing use of 125 Seats.
4. Petricore Technologies will display Autodesk "Center for Excellence" (COE) Banner in CAD Lab as a Acknowledgement of MoU.
5. Petricore Technologies will offer Training & International Certification to Students at Subsidized Cost.
6. 3 Year Term Legal License, E-Books & Certificates will be delivered to Students Enrolling for the Training Program.
7. CAD Laboratory will be maintained by Petricore Technologies with up to date Latest Software.

Petricore Technologies will periodically assess the Students' Progress & Report the Same to Head of the Department during the Training Program.

### Autodesk Academic Year FY17 to FY18 - Subsidized Course Fee in (₹) Rupees

Department of B.Sc., (Home Science - Interior Design and Decor)

SL No	Details of software	Duration Theory + Practice (Hrs)	Total Students	Subsidized Fee Per Students
1	Interior Design Using AutoCAD 2017	48 Hrs	Example 30 students	2300

**Deliverables:**

1. Autodesk Certified Instructor (ACI) from Petricore Technologies will handle the Training inside the Campus.
2. Official Courseware from Autodesk / E-Book Material Softcopy will be given to Each Student.
3. Free Autodesk Licensing to Students for 3Years.
4. International - Autodesk Course Completion Certificate for Minimum 80% Attendance.
5. Petricore Technologies Certificate for Non Autodesk Products.

**Terms & Conditions:**

1. Above Fee is inclusive of Service Tax (GST)
2. Above mentioned Fee to be paid on Commencement of Training Program.
3. Installation and licensing cannot be done for non-Autodesk products.
4. Payment to be made through Cheque / Cash / DD in the name of Petricore Technologies and Engineering Services Pvt Ltd.

**Order should be placed on:**

Petricore Technologies and Engineering Services Pvt Ltd.,  
 #34, First Main Road,  
 Nagappa Nagar, Chrompet,  
 Chennai-44.
